

# LEGIONELLA IN SOCIAL HOUSING: THE PRACTICAL APPROACH PROGRAMME

NUMBER 10 HOTEL, GLASGOW | 18TH APRIL 2024

The sessions will be developed and presented by **Chris Brown, Water Hygiene Specialist.**

With over 30 years' experience within the water treatment and water hygiene industry, Chris really is an expert in his field. He is a chemist by qualification and is Elected Fellow of the Water Management Society, having served a four year term as an independent committee member of the Legionella Control Association (LCA) during the period of the re-write of L8 and the publication of HSG274 and was a Member of the LCA technical team established to contribute to HSG274 Part 1 (cooling systems).

Chris has had involvement in a number of legionella cases as an expert witness and he is a contributor to Building Services Research and Information Association (BSRIA) Legionella Risk Assessment Guide and as part of the LCA technical team for HSG 274 Part 1.
